

Ice/Cold Water Rescue - Technician Level

With Bruce Oliphant

This course provides an advanced level ice rescue training including self-rescue, shore based ice rescue techniques, and go ice rescue techniques. This is a hands-on training program which includes a significant amount of on ice time for skill practice. It also addresses the effects of cold water on victims, ice rescue techniques, off shore techniques, and ice rescue equipment. Course will include several scenario based ice rescue exercises.

Designed for: All emergency response personnel
