

Intermediate ICS,
ICS for Expanding Incidents I-300
Instructor Thomas Wutz

The complexity of incident management, coupled with the growing need for multi-agency and multi-functional involvement on incidents, has increased the need for a single standard incident management system that can be utilized by all emergency response agencies. Use of the Incident Command System (ICS) by both public safety and private sector organizations continues to increase across the country. The ICS is designed to be used for all applications, fires (wildland and structural), hazardous materials incidents, law enforcement operations, search and rescue operations, air, ground and water accidents, mass casualty incidents, natural disasters and planned events.

Designed for: Fire officers, law enforcement supervisory personnel, emergency medical officers and emergency management personnel

Course Length: 24 hours

Min 16/Max 28

Prerequisite: Basic Incident Command System (I-200)

Course number: 01-11-0033

All classes 6:30pm-10:30pm at the Office of Emergency Services, 2 Academy Street, Mayville. Must attend all classes.

Tuesday 4-24-18

Wednesday 4-25-18

Thursday 4-26-18

Tuesday 5-1-18
