

Non-Fire Response to Emergency Scenes

New Chautauqua County Course

With Tom Summerville
At Sinclairville Fire Department
30 Main Street, Sinclairville

The course is designed for non-fire response to emergency scenes. The target audience will be EMS, Fire Police, Rehab and Auxiliary members, and any members who will never be touching fire hose, ladders, water supply equipment or doing hazmat operations at emergency scenes. The course will be six, three hour class sessions.

Students need to complete ICS-100 and NIMS-700, and bring a Chief's Authorization letter to class. Students will also need to bring an IFSTA Essentials of Firefighting and Fire Department Operations book to class. There will be VERY light skills to be completed along with a final exam at the end.

The course will cover history and organization of the fire service, how to remove PPE and SCBA from downed firefighters, filling air bottles, building construction covering collapse zones, scene lighting, tools, hose and maintenance of both, fire dept. communications, FF safety, work areas, apparatus backing, OSHA compliant Hazmat Awareness, OSHA compliant fire extinguisher use and proper Emergency Scene PPE.

This is not a NYS OFPC accredited course. This course is intended to cover the minimum PESH requirements for on-scene personnel. Upon completion the student will get a certificate of attendance from Chautauqua County Emergency Services. It is the departments' responsibility to authorize emergency scene participation.

Unit 1	Tuesday, May 8, 2018	7-10pm
Unit 2	Thursday, May 10, 2018	7-10pm
Unit 3	Tuesday, May 15, 2018	7-10pm
Unit 4	Thursday, May 17, 2018	7-10pm
